Digital Forensics, Investigation, and Response, Fourth Edition - Lab 05

24. Make a screen capture showing at least one suspicious browsing record found in the History sub-node.

26. Make a screen capture showing at least one suspicious search found in the Keywords sub-node.

Part 1: Use Advanced Search to Locate Additional Evidence

Digital Forensics, Investigation, and Response, Fourth Edition - Lab 05

The screenshot displays the Windows Registry Editor. The left pane shows the tree structure, with the path **HKEY_CURRENT_USER\Software\Classes\Local Settings\Software\Microsoft\Windows\CurrentVersion\Explorer\Advanced\ShowFilenames** selected. The right pane shows the details of the selected value, which is a **REG_DWORD** named **ShowFilenames** with a data value of **1**. The top of the window shows the title bar with the text "Conducting Forensic Investigations on Windows Systems (4e)".
